

# Water conservation self assessment form

Assessing your businesses use of water may help you identify areas for improvement and conservation. Answer the questions below by clicking either yes or no, then take a look at your score.

<b>Meters</b>	<b>Yes</b>	<b>No</b>	<b>Kitchen</b>	<b>Yes</b>	<b>No</b>
Are your meters read, recorded and analysed weekly?	<input type="radio"/>	<input type="radio"/>	Do you have anything other than standard domestic taps?	<input type="radio"/>	<input type="radio"/>
Are your utility bills checked before payment?	<input type="radio"/>	<input type="radio"/>	Do your sinks have plugs?	<input type="radio"/>	<input type="radio"/>
Are they fitted at key locations throughout your site?	<input type="radio"/>	<input type="radio"/>	Are flow restrictors fitted to all taps?	<input type="radio"/>	<input type="radio"/>
Are sub-meters read, recorded and reconciles weekly?	<input type="radio"/>	<input type="radio"/>	<b>Infrastructure</b>		
Does each department have budget responsibility for its own bills?	<input type="radio"/>	<input type="radio"/>	Do you know the location, type and function of the pipework across your site?	<input type="radio"/>	<input type="radio"/>
Do you offer incentives to encourage departmental savings?	<input type="radio"/>	<input type="radio"/>	Have you checked underground mains in the last two years?	<input type="radio"/>	<input type="radio"/>
			Do you have a regular programme of checks on underground pipework?	<input type="radio"/>	<input type="radio"/>
<b>Usage</b>			<b>Garages</b>		
Do you know your water usage per person per day?	<input type="radio"/>	<input type="radio"/>	Do your hosepipes have automatic shut off or are they spray gun fitted?	<input type="radio"/>	<input type="radio"/>
Do you know how the above compares to water usage across other sites?	<input type="radio"/>	<input type="radio"/>	Is there any water recycling in operation i.e. rain water?	<input type="radio"/>	<input type="radio"/>
Do you know your water usage per unit produced?	<input type="radio"/>	<input type="radio"/>	<b>TOTAL OUT OF 27</b>	<input type="text"/>	<input type="text"/>
Do you know how the above compares to water usage across other sites?	<input type="radio"/>	<input type="radio"/>	<b>PERCENTAGE</b>	<input type="text"/>	
<b>Washrooms</b>			<b>What your score means?</b>		
Have you installed cistern volume reducers?	<input type="radio"/>	<input type="radio"/>	<b>Calculation</b>		
Is your urinal cistern flush controlled by anything other than a ball valve?	<input type="radio"/>	<input type="radio"/>	(Total number of ticks ÷ 27) x 100 = % of potential improvement		
Do you have waterless urinals?	<input type="radio"/>	<input type="radio"/>	<b>0-30%</b>	Many improvements have already been made and water is being monitored for efficiency.	
Do you have anything other than standard domestic taps?	<input type="radio"/>	<input type="radio"/>	<b>30-70%</b>	Several measures are in place to conserve water but there still room for improvement.	
Are flow restrictors fitted to all taps?	<input type="radio"/>	<input type="radio"/>	<b>70-100%</b>	Few measures are currently in place leaving areas for improvement.	
<b>Maintenance</b>			<b>More information</b>		
Are all leaks repaired in a short period of time?	<input type="radio"/>	<input type="radio"/>	See our <a href="#">steps to efficiency</a> for information on simple measure you can take now. For information conservation equipment <a href="#">click here</a> .		
Are all overflows checked on a regular basis?	<input type="radio"/>	<input type="radio"/>			
Are staff encouraged to report a leak/breakage etc?	<input type="radio"/>	<input type="radio"/>	If you are concerned about your water consumption contact us, 08456 789 789		
Do staff report a leak/breakage etc?	<input type="radio"/>	<input type="radio"/>
