

Filming Opportunities

Opportunities for filming on the Yorkshire Water Estate

4th April 2016

It's part of our
Blueprint for Yorkshire

YorkshireWater

Our Locations Available

Yorkshire Water is one of the largest landowners in Yorkshire with an Estate amounting to around 30,000 Hectares (70,000 Acres). We believe we hold an excellent opportunity available for filming on our land with our diverse and eclectic mix of sites. Each area is unique in itself with various different settings and backdrops extending from woodland, moorland and operational sites.

Thruscross Reservoir

Timble Ings

Rodley Nature Reserve (Bing, 2016)

Roundhill Reservoir

Scargill Reservoir Track

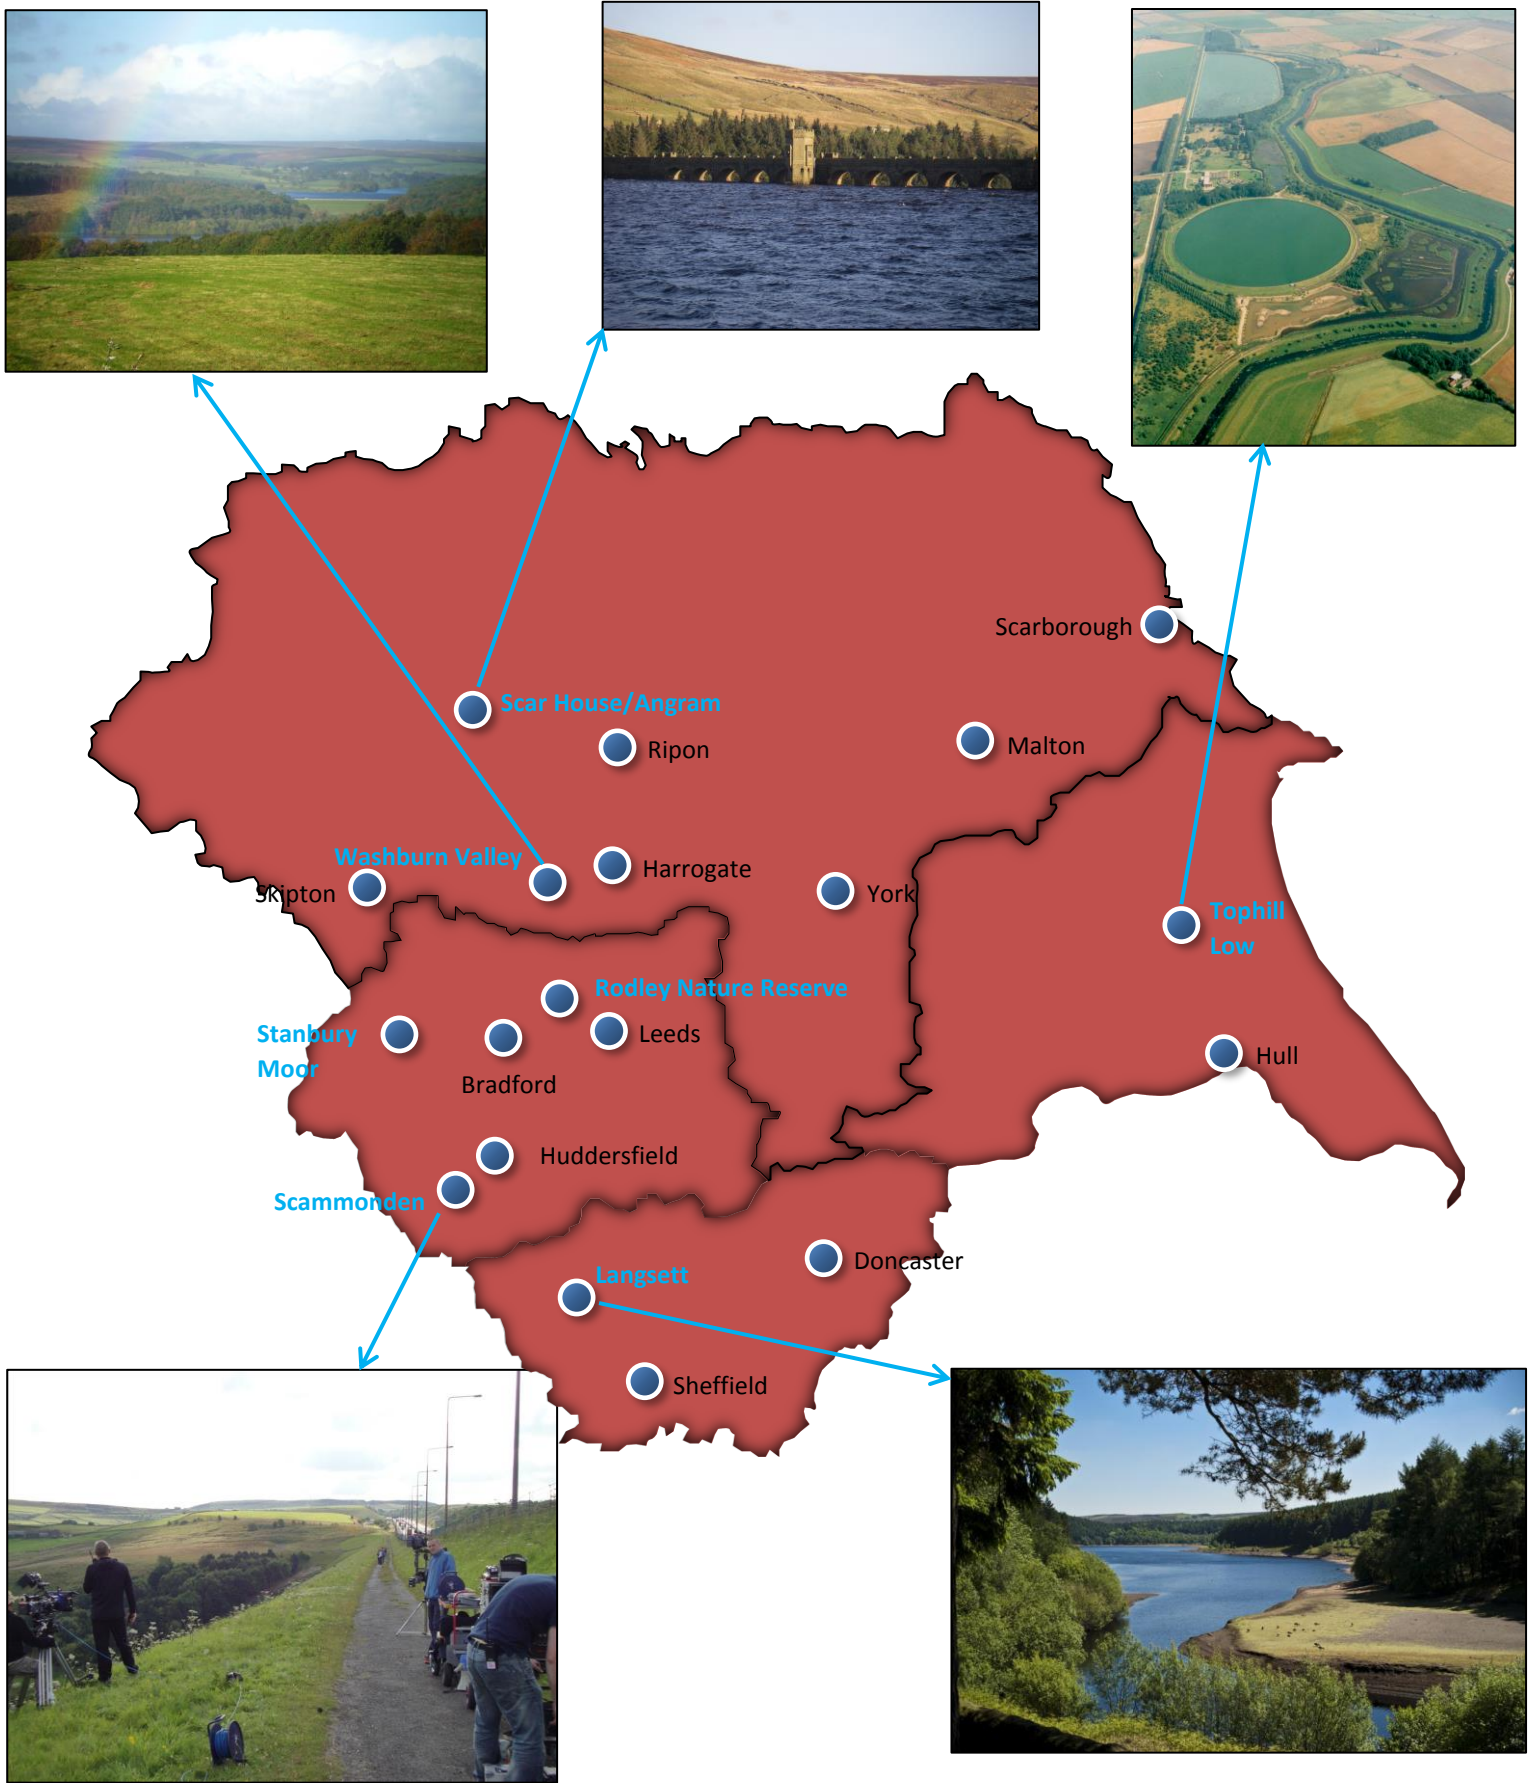

Langsett Reservoir

Rishworth Moor

Map 1: Locations of the opportunities available (locations are not exact)

It's part of our
Blueprint for Yorkshire

Talk to us about your specific requirement. The locations listed above are available for filming, however not all areas on the specified locations are open to full open access, due to operational purposes. Some sites may be subject to time/date constraints. For this reason a **minimum of 14 days' notice is required**. When requesting to film at any of our locations we request that you undertake a pre-site visit for completeness. All visits must have clear Risk Assessment and Method Statement (RAMS), location map and indemnity insurance provided. Failure to provide RAMS, location map and indemnity insurance will mean your request is not dealt with. All requests require our access form to be completed and approved by Yorkshire Water. To ensure we are able to effectively administer and responds swiftly to your needs please complete our access form (attached to the below of this leaflet) we will then respond thereafter.

2. Minimum Standard Filming Charges 2018

Request	Price (excluding VAT)
Car Park Usage for 24hrs use	£350.00
1 day filming (minimum of 3 hours)	£2,000.00

The prices shown in Table 2 may be adjusted dependent on any PR opportunities or tangible benefits available to us for negotiation. All prices exclude any compensation required by tenants as the majority of our land is tenanted.

3. Drone Filming

At Yorkshire Water safety is more important than everything we do and is at the core of our business. This includes the governance of Unmanned Aerial Vehicles (Drones) to ensure they are being conducted safely, legally and within Civil Aviation Authority guidelines.

As part of our company policy we have established a UAV framework of external operators who have been assessed and approved to work for and on behalf of Yorkshire Water. Through a rigorous process these companies have demonstrated the correct level of safety, risk and data protection awareness to safeguard the company and our customers while undertaking aerial operations. Use of operators not approved by Yorkshire Waters UAV Accountable and Operations Managers is strictly prohibited.

If you would like to express your interest in becoming a YWS approved external operator then please send an email to uav.inbox@yorkshirewater.co.uk

Our approved external UAV operator framework currently consists of the below companies:

- Halo Vue (Phil Fearnley): 01422 833812 / 07957627628
- Air-Frame UK (James Wilthew): 07974 722562
- Team UAV (Lewis Pritchard): 01562 701437
