## Completing your application

**This form is to request meter(s) to be supplied by Yorkshire Water for a self-lay development site.**

As an SLP, you are responsible for purchasing your own water meters which need to be to the appropriate specification. Water meters are to be used in conjunction with the installation of any new service connection.

Full details of our meter location policy can be found on our website: [yorkshirewater.com/developers/water/water-meter-locations-for-developers](https://yorkshirewater.com/developers/water/water-meter-locations-for-developers)

There is a charge for the provision of each meter supplied, which is based on the meter size and type you require. Our meter charges can be found on page 28 of our New Connection Charging Arrangements 2022/2023: [yorkshirewater.com/developers/developer-services-charges](https://yorkshirewater.com/developers/developer-services-charges) and will be billed to you via invoice shortly after we issue the meters to you.

Once we have received this request, we will arrange for the meters to be delivered to site or made available for you to collect from a confirmed location.

If you are collecting the meters, we'll provide you with the order number you'll need to quote. You will be able to collect the meters within 2 working days of receiving the details from us.
