Dear

We refer to your request for information submitted to Yorkshire Water dated 23 April 2026:

“I am writing to request information under the Environmental Information Regulations 2004 relating to waste collection and disposal services.

Please could you provide the following information:

1. Current contractor(s)

The name(s) of the organisation(s) currently contracted to provide waste collection and disposal services as of 1 April 2026, including all relevant waste streams (e.g. general waste, recycling, hazardous waste, sludge, and any other operational waste).

2. Contract duration

The start date and end date of the current waste management contract(s), including any extension options available or already exercised.

3. Service breakdown

Details of which contractor(s) are responsible for each waste stream, where multiple suppliers are used.

4. Contract value/spend

The annual value of the contract(s), or the most recent annual spend on waste management services.

5. Contract management contact

The job title and department of the person(s) responsible for managing the waste management contract(s).

6. Future procurement plans

Any documented plans, timelines, or schedules held relating to the re-tendering or renewal of waste management services, including:

Expected publication date of any upcoming tender Expected award date Expected contract start date

If this information is not held, please confirm this.

If any part of this request is considered exempt, please provide the remaining information and explain the reasons for any refusal, including the relevant exception under the Regulations."
