

Application for a non-potable water supply (final effluent)

Filling out this form

This form can't be filled out online, so before you start to complete it, please make sure you follow these steps:

1. Download the PDF to your PC (Save it locally, for example on your desktop)
2. Open it using [Adobe Acrobat Reader](#), and fill it out
3. Save the completed version
4. Email it to us at technical.sewerage@yorkshirewater.co.uk

Please note: the fees listed in this form are fixed until **31 March 2026**. You can find the most up-to-date version of this form at yorkshirewater.com/developers/sewerage/capital-schemes/

This application form should be used to request a supply of non-potable water (final effluent) as an alternative to potable water for large commercial or industrial purposes.

Before we can provide a supply of final effluent, we would need to install pipework and associated assets from the closest, most suitable wastewater treatment facility to your site. This is a chargeable service, and you are responsible for all costs associated with provision of the supply, details of which can be found in our Charging Arrangements.

We are happy to have a pre-application discussion with you prior to you submitting the form to ensure we understand your requirements fully. Please contact our Sewer Diversion and Requisition team in Developer Services: technical.sewerage@yorkshirewater.co.uk

On submission of this application form, please ensure that you attach all technical details and detailed plans required to support your application.

Please ensure you provide a covering letter with your application detailing any site-specific information.

The information you provide will be used solely in accordance with Yorkshire Water's [Privacy Policy](#). Please be aware, we may contact you to seek feedback on your experience with this service.

The fees for installing a supply of final effluent are as follows:

Pre-Application Discussion Fee – £180.00 per hour

Application Fee – £1,900.00

Initial Meeting / Site Visit – £180.00 per hour

Enhanced Feasibility Study – minimum £14,288.00

Please note: if the proposed solution is complex the costs for this can be higher.

Yorkshire Water Legal Services – Bespoke

Whole Costs of Works – these are bespoke site specific fees.

The estimated final cost will be provided as part of the Enhanced Feasibility Study.

Requote of Feasibility Study – £1,000.00 (six-month validity)

All fees will be invoiced direct to the developer unless otherwise stated.

Please wait for the invoice before making payment.

What happens next?

You will receive an acknowledgement letter within five calendar days confirming receipt of your application.

We will then undertake an initial assessment of the application and provide you with an estimate for the cost and expected timescale for the Enhanced Feasibility Study within 21 calendar days.

Completing your application form

This application form and supporting information can be submitted in paper copies by post, delivered by hand or submitted electronically to technical.sewerage@yorkshirewater.co.uk

Please complete in **BLOCK CAPITALS** using blue or black ink or enter your details below electronically.

1. About you

Are you the: Developer Agent Other (please specify)

Your name

Your company's name

Your company address

Postcode

Telephone number

E-mail address

2. Site details

Site Address

Postcode (nearest)

Grid reference: Easting (6 figures)

Northing (6 figures)
