Reference Number: **EIR**

Dear

We refer to your request for information submitted to Yorkshire Water dated 7 June 2025:

“How many times has sewerage been released at Milby Island and Aldborough treatment works in last year.

How many litres of sewage were taken from the Aldborough treatment works by tanker in the last year”

We wrote to you on 16 June for further clarification to ensure that the assets referenced in the request were the correct assets for which you required the information. You confirmed in your response that the asset you were referring to was Boroughbridge Sewage Treatment Works (STW) opposed to Aldborough STW.

Please find attached the data which you have requested.

1. How many times has sewerage been released at Milby Island and Boroughbridge STW works in last year

Please note, our event duration monitoring data is available in the public domain via:

- Our 2024 data is available in the public domain via our webpage titled [Individual stop start events 2024](#)

- Our 2025 data is being published in the public domain one month in arrears via our webpage titled [Individual stop start events 2025 year to date](#)

2. How many litres of sewage were taken from the Boroughbridge treatment works by tanker in the last year

4,951m3 in the last 12 months.

We trust that the provision of this data satisfies your request. In accordance with the Environmental Information Regulations 2004, if you are not satisfied with this reply to your request you can ask for an internal review. A request for an internal review must be submitted within 40 working days by contacting the Data Protection Team.

Thank you for contacting Yorkshire Water.

Yours sincerely,

Data Protection Team
