

# Struggling with your water bill?

## WaterSure helps by limiting your water charges

If you have a water meter installed, receive bills that are more than £105.36 per quarter, receive an income-based benefit **and** someone in your household has a medical condition requiring additional usage, or you have three or more children at home under the age of 19, **WaterSure might be right for you.**

**We can help by capping your annual bill at £421.42 to ease some of the stress on your financial situation.**
