

Self-lay point of connection enquiry

Filling out this form

If you'd like to complete this application form online, please log in to our online portal:
developerservices.yorkshirewater.com/sign-up-sign-in

To fill out this PDF application form, please open and complete it using [Adobe Acrobat Reader](#) and email your completed application to newmains@yorkshirewater.co.uk

Or, post it to: Developer Services, Yorkshire Water Services Ltd, PO Box 52, Bradford BD3 7YD

Please confirm you can provide the following documents with your application:

Site location plan (a plan showing where your site is and where the boundary is)

Site layout plan in CAD format, unmarked and with controlled reference and revision numbers and dates, clearly indicating:

- the defined site boundary
- the self-laid main incoming access/utility routes
- the topography with contours at 5m intervals
- a proposed point of connection in accordance with our Design and Construction Specification

Additional documents (if applicable):

Details of any special engineering difficulties

Details of any known future development adjoining the site

Please be aware, we may contact you to seek feedback on your experience with this service.

Initial information and terms and conditions

If you are a self-lay provider (SLP), or you're planning to use an SLP, you can submit this form at the detailed planning stage of development to determine the point(s) of connection to the existing water network. SLPs must be accredited by Lloyd's Register under the Water Industry Registration Scheme (WIRS).

If you're an SLP applying on behalf of a **NAV**, please complete our NAV application at yorkshirewater.com/developers/navs

If you'd simply like to view a map of our water mains, you can find more details on how to access Yorkshire Water's mains records here: yorkshirewater.com/your-water/pipe-and-sewer-records

Before you complete this enquiry form, please make sure that you can provide the details listed on pages 6-7 of our minimum information table: yorkshirewater.com/developers/water/self-lay/self-lay-point-of-connection

How long will it take to get a response?

We aim to send you confirmation that we've received your enquiry within **5 calendar days**. Once we receive your completed application and payment, we aim to respond within **14 calendar days** (if it's a non-complex site) or within **28 calendar days** (if it's a complex site).

What will we provide you?

Our point of connection (POC) report will include:

- a copy of our mains records for the area showing the exact POC (if you provide a site layout)
- confirmation that the POC is viable (or not)
- an alternative POC if the land's ownership status is third party or unknown, or if there are any special engineering difficulties
- the ownership status (if known) of the land at the POC
- any special engineering difficulties that might be associated with the POC
- an overview of any network reinforcements that we need to make capacity available at the POC or for future developments
- confirmation of the pressure at source
- an overview of any risks to the network where we might need to divert or protect our assets on site or on the land next to the site
- indicative costs for any diversions or additional work on our water network
- a summary of contestable/non-contestable works related to the site
- details about water supply method (i.e. gravity or pumps/storage)
- the validity period of the POC report.

The POC report is based on information about your site that you send us in this enquiry, so the more detail you can provide, the better we can advise you. Just bear in mind that we might need to reassess the report if any details change later on.

If you'd like more information to calculate a reasonable estimate of costs, please refer to our New Connection Charging Arrangements 2022/2023 at yorkshirewater.com/developers/developer-services-charges

For more information on contestable/non-contestable activities, please refer to our Annual Contestability Summary: yorkshirewater.com/developers/water/self-lay/self-lay-point-of-connection

What do you need to pay for this enquiry?

There is an upfront fee of **£168 + £33.60 (VAT) = £201.60**, which covers the cost of processing your enquiry, investigating if the network can support the additional demand and producing a pre-planning enquiry response.

How to pay

Choose your payment method below

Credit/debit card - we'll contact you on the phone number you provide in this application to arrange payment over the phone.

BACS - to pay by BACS, the details are **sort code:** 57-49-55; **account number:** 11111111

Cheque - please enclose a cheque payable to 'Yorkshire Water Services Ltd.' with your application.

Credit/debit card

BACS

Cheque

As the applicant, you are responsible for the payment of any cost associated with this application.

If you're filling out a paper copy, please complete in **BLOCK CAPITALS** using blue or black ink.

1. Your details

Are you a Developer SLP Consultant Other

If other, please specify

Full name

Company name

Company number

Phone number

Email address

Address

Town/City

Post code

Would you like to authorise us to speak to anyone else about your application? Yes No

Is the recipient a Developer SLP Consultant Other

If other, please specify

Full name

Company name

Company number

Phone number

Email address

Address

Town/City

Post code

2. Site details

Site address (or closest existing address)

Address

Address line 2

Address line 3

Town/City

Post code

Grid reference (centre of site):

Easting

Northing

YorkshireWater

Planning permission

Do you have planning permission? Yes No

Planning permission reference number

Permission issued by local authority (if known)

Local authority reference number

Land registry

Land registry reference number (if known)

Site Contact Details

Is there a site contact available? Yes No

If Yes, please give details of the site contact.

Site contact name

Site contact phone number

Site contact email address

3. Previous site usage

Has the site had a water supply in the last 5 years? Yes No

What was the previous site usage? Housing Commercial Mixed (housing/commercial)

Previous household supply

Number of connections

Approximate disconnection date

Use of premises

Previous commercial / non-household supply

Number of connections

Approximate disconnection date

Use of premises

YorkshireWater

4. Proposed site usage

What is the proposed site usage? Housing Commercial Mixed (housing/commercial)

Do you need any connections above 25mm? Yes No

Expected site water consumption (litres/day)

Please complete the table below

Connection size	25mm	32mm	63mm	90mm
Number of connections				
Number of properties to be supplied by each size connection				

Other sized connections

Do you need any connections sized differently to the above choices? Yes No

If yes, please provide the details below

Connection size (mm)

Number of connections

Number of properties to be supplied

Under-pressure connection

Do you want the SLP to carry out the under-pressure connection(s) (UPC) as detailed in our Annual Contestability Summary? Yes No

If yes, what is the anticipated date of the UPC?

If yes, please also confirm the company name of the SLP

Please refer to our UPC guidance document to understand our requirements. You'll need to submit a formal request to make the UPC once the S51A Agreement has been entered into.

Fire supplies

Do you need water specifically for firefighting purposes?	Yes	No	
What type of firefighting supply do you need?	Sprinkler	Hydrant	Other (please specify below)

Fire supply flow required (l/s) **(please provide if you're requesting a fire supply)**

Fire supplies disclaimer

Yorkshire Water will, if requested, confirm if we are able to meet the flows and pressures for any proposed firefighting installation(s). Where the required flows and pressures can be achieved, we cannot guarantee that they can be sustained in the future. A decision to feed a firefighting supply directly from Yorkshire Water's mains network is the sole responsibility of the customer.

Yorkshire Water will not accept any liability for future expenses that may be incurred because of changes in the water mains pressures or available flows due to increased customer demands or any necessary reconfiguration or adjustments to the distribution network.

I have read and understood

Source of water delivery date

What is the anticipated date for a source of water?

Month Year

Development connection dates

What is the anticipated date of first connection?

Month Year

What is the anticipated date of last connection?

Month Year

YorkshireWater

Non-household premises

Please complete this table if your proposed site usage is commercial or mixed (housing/commercial)

Plot number	Floor space in square metres	Building type	Flow rate l/s.			Anticipated connection date
			Max	Mean	Min	

5. Declaration

I request that Yorkshire Water process my application and provide me with a response based on the information I have provided.

I confirm all information is correct to the best of my knowledge and has been provided, in accordance with the Codes for Adoption, to allow you to produce a POC Report.

I agree that Yorkshire Water may use the supporting information provided for any purpose connected with this application and with the company’s statutory Sewerage and Water undertakings, including sharing information with its service partner.

I understand that the POC Report will be valid for 1 year from the date of issue and that I will have to request a new confirmation if the site has not progressed during this time.

I am applying as the applicant or their representative and by doing so agree that I will be liable for the payment of any cost associated with this application.

By ticking this box I agree to the above declaration
