# Board Assurance Statement

# 2025/2026 indicative Wholesale Charges Board Assurance Statement

**In making this assurance statement, the Board has considered the requirements set out by Ofwat in its Wholesale Charging Rules, published in October 2021, and confirms that, to the best of its knowledge, having made all due inquiries and based on appropriate sources of evidence, that:**

- a) the company complies with its legal obligations relating to the indicative Wholesale Charges it has published;
- b) the Board has assessed the effects of the new charges on water supply and sewerage licensees (as a whole or in groups) who are retailing wholesale services and on customers occupying Eligible Premises (as a whole or in groups) and approves the impact assessments and handling strategies developed in instances where bill increases for licensees (as a whole or in groups) who are retailing wholesale services and on customers occupying Eligible Premises (as a whole or in groups) exceed 5%;
- c) the company has appropriate systems and processes in place (including up-to-date models and data) to make sure that the information published about its indicative Wholesale Charges is accurate;
- d) the company has consulted with relevant stakeholders in a timely and effective manner on its indicative Wholesale Charges;

The Board would like to highlight the impact of the timings of the 2024 Price Review (PR24), which will confirm our wholesale revenue allowances in the Final Determination (FD). The FD is currently forecast to be published in December 2024, although Ofwat have until the 31 January 2025 to publish the FD, and so we have set our indicative Wholesale Charges using a reasonable expectation of the allowed revenues that we will receive. We have reported a range of tariffs within our indicative Wholesale Charges 2025/2026, based on the overall revenues set in the Ofwat Draft Determination (DD) and the revenues proposed in our subsequent DD representation.

Our final charges will be updated to align with the revenue allowances within the Ofwat Final Determination, which are likely to be within the range published.

After taking into account the considerations noted above, Yorkshire Water anticipate that the final Wholesale Charges will differ by more than an indexation variance to the indicative Wholesale Charges, however we are assuming that they will not fall outside of the range published.

The Board owns and is accountable for the development of the indicative Wholesale Charges document. The indicative Wholesale Charges document and this supporting assurance statement was approved collectively by the Board in October 2024.

# About this document

# Indicative Wholesale Charges 2025/2026

## About this document

**This document sets out a summary of the indicative primary Wholesale Charges for 2025/2026 of Yorkshire Water Services Limited (Yorkshire Water), made in line with the Wholesale Charging Rules issued by Ofwat under sections 66E and 117I of the Water Industry Act 1991.**

Whilst we have not made any significant changes to methodology or introduced any new tariffs, we have seen an increase in our indicative Wholesale Charges bill assessment impact of between 6.3% to 24.0%.

We have targeted the revenue allowances from the published Ofwat Draft Determination and the YW submitted Draft Determination Representation for the PR24 price control. Our final charges will be updated to align with the revenue allowances within the Ofwat Final Determination, which is currently due on the 19 December 2024, but may be delayed up until the 31 January 2025.

After taking the considerations noted above, we anticipate that the final Wholesale Charges will differ by more than an indexation variance to the indicative Wholesale Charges. As per the Wholesale Charging guidance we will publish the explanation of movements within the Board Assurance Statement, which will accompany the Final Wholesale Charges.

The indicative Wholesale Charges scheme is to be used in conjunction with the codes:

This document contains our signed Board Assurance Statement. The Board Assurance Statement was signed following our assurance of the process in calculating the Charges.

- a. All Charges contained within this document are subject to the addition of any VAT chargeable per the Wholesale Retail Code.
- b. Final Wholesale Charges 2025/2026 will be published in January 2025.
