Can you answer these questions about the film you have just watched?

Do you think she is happy or sad?

How does she carry the water back home?

How long is her journey to collect water?

What is the weather like?

What does she wish for?

**Big Wish**

# Unsafe water

Every day 1,400 children around the world die as a result of diseases caused by dirty water and a lack of toilets.

# What is WaterAid?

This changes people's lives completely. Children no longer have to walk for hours to collect water so they can go to school.

# What is WaterAid?

WaterAid also helps by providing toilets and teaching people how to wash their hands properly to stop illness and disease from spreading.

WaterAid/Layton Thompson
