Dear

I refer to your request for information submitted to Yorkshire Water dated 19 January for the following:

*“A copy of the Report by the Planning Officers to the Planning Committee which preceded the grant of planning permission.  
The name of the WWTW which is to treat the effluent from this development.”*

Please find below the data which you have requested.

**A copy of the Report by the Planning Officers to the Planning Committee**

The data protection team have conversed with the business and have established we do not hold any of the requested data. As such for the purposes of paragraph 12(4) a public authority may refuse to disclose information to the extent that (a) it does not hold that information when an applicant’s request is received. We’ve been informed by our colleagues in the business that you may wish to contact the council to see if they hold this report.

**The name of the WWTW which is to treat the effluent from this development**

We can advise as the development site sits inside the Dewsbury catchment, it will likely drain to Dewsbury Sewerage Treatment Works.

I trust that the provision of this data satisfies your request. In accordance with the Environmental Information Regulations 2004, if you are not satisfied with this reply to your request you can ask for an internal review. A request for an internal review must be submitted within 40 working days by contacting the Data Protection Team.

Thank you for contacting Yorkshire Water.

Yours sincerely,

Data Protection Team
