Date: 26 August 2025 12:50:14

Reference Number: **EIR**

Dear

We refer to your request for information submitted to Yorkshire Water dated 29 July 2025 ;

"Please provide the following:

- 1. A full list of substances (chemical, biological, or otherwise) added to or detected in the water supply, including any known by-products of treatment processes.*
- 2. Information on the use of chlorine, fluoride, or any other chemical additives – including dosage levels and frequency of use.*
- 3. Details of any known contaminants (e.g. pharmaceuticals, heavy metals, PFAS/"forever chemicals", microplastics) detected in recent testing, along with their recorded levels.*
- 4. Results of all water quality tests conducted in the last 12 months.*
- 5. The source(s) of the water supplied to Barnsley including any reservoirs, rivers, aquifers, or desalination plants.*
- 6. Any incidents or violations reported in the last five years related to water pollution or contamination under your management."*

Included with this email is our response to your request.

The data requested in relation to sampling is readily available to the public in the public domain via the following link: [Yorkshire Water - Drinking water standards](#). You can input a post code and download a WSZ which confirms the concentrations of the parameters included in the Water Supply (Water Quality) Regulations 2016. There is a link at the end of the report to the Drinking Water

Inspectorate which details any undertakings and notices (improvement programmes) that are applicable.

Information in relation to PFAS is readily available via our EIR disclosure log:

[PFAS raw data.zip](#)

[PFAS treated data.csv](#)

We trust that the provision of this data satisfies your request. In accordance with the Environmental Information Regulations 2004, if you are not satisfied with this reply to your request you can ask for an internal review. A request for an internal review must be submitted within 40 working days by contacting the Data Protection Team.

Thank you for contacting Yorkshire Water.

Yours sincerely,

Data Protection Team
