Dear

We refer to your request for environmental information submitted to Yorkshire Water dated 23 December 2025 which is set out below.

*"I am writing to request information under the Environmental Information Regulations 2004.*

*Please provide the most recent available microbiological water quality sampling results for the following Water Supply Zone:*

**Water Supply Zone:** *Leeds LL Robin Hood (also referred to as Leeds LL Robin Hood WSZ)*

*Specifically, I am requesting:*

- *All microbiological sampling results for the **last 12 months** (or most recent reporting period available), including but not limited to:*
  - *Escherichia coli (E. coli)*
  - *Total coliforms*
  - *Enterococci*
- *Sample dates*
- *Sample locations (e.g. works, service reservoir, distribution, customer tap – zone level is sufficient)*

- *Any recorded exceedances or failures of regulatory standards*
- *Any follow-up or re-sampling outcomes associated with those results*

*If the information is held in a spreadsheet or database format, I would prefer it in that form (e.g. Excel or CSV), but I am happy to receive it in any reasonable electronic format.*

*If any part of this request is unclear, or if a refinement would assist you in providing the information, please let me know.*

*I understand that responses to EIR requests are normally provided within 20 working days.*

*Thank you for your assistance."*

The data requested is readily available to the public in the public domain via the following link(s):

Information regarding water quality and drinking water standard is freely available on our website at [Yorkshire Water - Drinking water standards](#), if you input the postcode you will be able to see the latest report for that area. WSZ data is all collected at customer taps.

In addition to this, we update Drinking Water Quality results via the [Yorkshire Water Drinking Water Quality 2025 | Stream - Portal](#), data from customer properties is reported against the relevant LSOA. You are able to download this information in your preferred excel/CSV format.

For reference, there have been no exceedances for any regulatory microbiological standard in Leeds LL Robin Hood 2019 WSZ in the compliance sampling programme to date in 2025.

We trust that the provision of this data satisfies your request. In accordance with the Environmental Information Regulations 2004, if you are not satisfied with this reply to your request you can ask for an internal review. A request for an internal review must be submitted within 40 working days by contacting the Data Protection Team.

Thank you for contacting Yorkshire Water.

Yours sincerely,

Data Protection Team
