

Damflask Fishery Prices

Damflask is one of Yorkshire's largest premier fisheries, a 116 acre reservoir which boasts a coarse and pike fishery. Situated within the stunning Peak District National Park it is 15 minutes' drive to the west of Sheffield city centre. Roadside parking is available and access to the reservoir is also possible by bus.

The reservoir can be fished for bream, chub, dace, perch, pike and roach and is open all year round from dawn until one hour after sunset. In recent years we have restocked the reservoir with over 100 bream, some weighing more than 4lbs each. At a match held at the reservoir in 2005, an individual record of 70lbs was set by one angler.

Anglers can purchase day and monthly tickets from a machine situated on the south side of the reservoir near the dam. More than 7,000 day tickets are sold annually.

Coarse Fishing Prices

Ticket Type	Amount (£)
Day Ticket	£4.90
Concessionary Day Ticket	£3.60
2 Month Ticket	£17.60
2 Month Concessionary Ticket	£10.90
